

Man of God Solution and Map of Success

Here is what we can look forward to with all of humanity in unity for **global peace and prosperity**.

Each problem has many solutions with contingencies.

Since most of the very hard work is completed now we must activate true Law and Order, Peace and Prosperity and the love of God to all of humanity worldwide.

Eliminate all issues with COVID 19 including all illegal actions, false reporting, fake mass media nonsense, and remove all those representatives that supported the fabricated base of fear.

Now to deal with the mess of those innocent humans that have been infected by the fake COVID 19 vaccines and related booster shots that have the following elements:

1. Formaldehyde/Formalin. High toxic systemic poison and carcinogen.
2. Betapropiolacton - Toxic chemical and carcinogen.
3. Hexadecyltrimethylammonium bromide. Damages liver, cardiovascular system and central nervous system.
4. Aluminum hydroxide, aluminum phosphate and aluminum salts - Neurotoxin that causes long term brain inflammation / swelling, neurological disorders, autoimmune disease, Alzheimer's, dementia and autism. It penetrates the brain where it persists indefinitely.
5. Thimerosal (Mercury), Neurotoxin. Cellular damage, degeneration and death.
6. Polysorbate 80 & 20 Trespass the Blood-Brain Barriers and carries with it aluminum, thimerosal and virus entering the brain.
7. Glutaraldehyde - Toxic chemical used as a disinfectant for heat sensitive medical equipment.
8. Fetal Bovine Serum Harvested from bovine (cow) fetuses taken from pregnant cows before slaughter.
9. Human Diploid Fibroblast Cells - aborted fetal cells. Foreign DNA has the ability to interact with our own.
10. African Green Monkey Kidney cells - carry the SV-40 cancer causing virus that already tainted about 30-50 Million Americans and many more abroad globally.
11. Acetone - can cause kidney, liver and nerve damage.
12. E.Coli - yes that is correct.
13. DNA from porcine (pig) Circovirus type 1.
14. Human embryonic lung cell cultures (from aborted fetuses)

Please note you can view all of these ingredients on the CDCs website and we all encourage everyone to do their own verification.

And many more references to what is in the COVID 19 vaccines elements.

The problem is that they do not list how much of each of the elements is in the mixture but they are all included.

How can we fix this problem? Med Beds ? no not really as this technology is designed to enhance your current uncorrupted DNA before these negative elements have been forced upon those who were injected by undue influence at every level possible. The Med Beds are only for those others for many medical challenges improving the body in every way possible.

What we can do to solve this Global problem is set aside Humanitarian non profit operations that will fund the creation and development of an egg shell type medical bed, immediately to remove all 14 elements above from the treated human bodies. Yes we will design and launch this program globally to reverse the depopulation plan of the cabal illuminati oligopolists.

It's time to fire all representatives that have grossly misrepresented the people for whom they are supposed to help and support with good policy or laws. To replace or fire these people who have been part of the problem due to corruption. The way this should be done is to investigate those bills introduced and supported for special interests. This will lead to a trail of deception and bribery. Then follow the money. There are elected officials in all parties in office.

Now once we the People have cleaned up the corrupt representatives and replaced them with qualified candidates we can require that good laws are introduced and that bad laws are removed. This process starts with greater understanding of how laws are made. I have posted a document that clearly educates all who read it as to this entire process. Then there is another short document suggesting how to stop a bad bill from passing a house and or senate vote. Please read both documents to better understand what we can do as people because each of us are important and loved by God.

Please set the example of being excellent in all areas of your lives with all aspects of your lives. Please take the action needed to put on your battle gear for war. In this case the battle gear is knowledge and the action is to make things change by issuing demand letters for change to your elected representatives and track if they are taking action or need to be replaced by a qualified candidate.

Activate **HR 5404**! We must make sure that the elected or qualified representatives activate the HR 5404 bill into law. This will require in the 2022 elections to replace the 34 seats in congress with qualified representatives. Then in 2024 elect the new President that will work for all of humanity doing good things for peace and prosperity.

While we activate the true QFS delivery system software code and hardware supporting the new online bank servers supporting new Financial Services online banks that will start operating the new digital gold back monetary systems for up to 193 host nations. Tied to this is the Qphone to real time distribution banking applications for the support of the new access and use of the gold backed digital monetary system. All of these systems are supported by Bullion Exchange Banks, FSC regional Banks acting as Government Sponsored Enterprises (GSEs) sponsored by host nations, as well as, FSC online banks for any and all people in each and every of 193 host nations.

Now the exciting news that ties all these actions together. We have planned a new series of SBI Platinum Bonds gold backed based in a gold backed digital monetary system. The amount of bonds issued is Basel III and IV compliant and sufficient to permit the recasting of all fiat debts globally. All fiat currency will be converted to the new digital monetary system in each host nation. The converted currency will be created and made available for refinance of all active debt instruments in every monetary system so as to not interrupt current day to day business activities domestically and internationally. The amount of AU Metal is already available for this purpose and will be activated as we all progress with the path of actions now to take place immediately.

Activating Nesara and Gesara is very important as the basis of this will eliminate the very institutions that have been the foundation of evil supporting the cabal illuminati oligopolists. Such institutions include the CFR, UN, IMF, BIS, IRS, FBI, CIA, MI5, MI6, NATO to an extent, FRB, Most Central Banks under the Rothschild management, The financial system as now known under Springs formally Paysor DTCC, Euroclear, and other agencies placed to disrupt freedom and peace. Finally we must change and reverse all laws that are based on the original constitution.

It is indeed a wonderful time to be alive and to participate in correcting all the wrong in this world and replacing it with good. Too many have died necessarily due to greed and manipulation. We have the full support from the Elders and are blessed to manage their assets for truth and purpose for this new world and better future for all of humanity.

No one will suffer as we will do a lot of good with the planned Green Mega Cities, Communities, Resorts and planned industrial parks creating all new jobs in about 900 new manufacturing companies making components to support all the new great inventions that will deliver everything from energy devices to the egg shell med beds for detoxifying all the infected by the fake COVID 19 vaccine poisons.

Know that God loves you and we all look forward to great things to come.

Sincerely,

Man of God.
